

IGA 2025				Nr. academic staff	Nr. students	Project budget	Grant number
1	Tatiana	Alexiou Ivanova	Waste valorisation for environmental protection	2	7	117 000	20253121
2	Jan	Banout	Food security and innovative food processing methods	4	24	286 000	20253122
3	Miroslava	Bavorova	Agroecology and profitability of agri-food sector	3	50	442 000	20253123
4	Francisco	Ceacero Herrador	Welfare of wild and domestic tropical ungulates	3	21	190 000	20253124
5	Barbora	Černá Bolfíková	Monitoring Genetic Evolution in Animal Populations	3	19	228 000	20253125
6	Eloy	Fernández Cusimamani	Induction of Artificial Autopolyploidy for Advancing Genetic Enhancement and Improvement in Plants	1	5	137 000	20253126
7	Pavla	Hejcmanová	Wildlife behaviour and ecology inside and outside of formally protected areas in the West African savanna	3	7	63 000	20253127
8	Petra	Chaloupková	Enhancing Inclusiveness, Competitiveness, and Sustainability in Food Systems	2	19	143 000	20253128
9	Ladislav	Kokoška	Pharmacological potential and chemical composition of plant-derived products	3	17	214 000	20253129
10	Tersia	Kokošková	Farm, forest, veld, and fork - strategies to improve sustainable animal production and consumption	1	4	84 000	20253130
11	Bohdan	Lojka	What is the role of agroforestry in biodiversity conservation and provision of ecosystem services?	2	10	136 000	20253131
12	Jana	Mazancová	The Rural Dimension of Agenda 2030 in Low-Income Countries	3	18	286 000	20253132
13	Zbyněk	Polesný	Indigenous plant agrobiodiversity and ethnobiology in the tropics	2	2	67 000	20253133
14	Jan	Šobotník	Applications of 3D visualisations in termite biology	1	1	56 000	20253134
15	Iva	Viehmánová	Biotechnology: a tool for crop improvement	1	6	51 000	20253135
				34	210	2 500 000
