C2C Brokerage Event

The event enjoys the presence of eminent representatives of European organizations, international clusters, research institutes, universities and companies.

In addition to the high scientific and informative character, the event will also have a strong practical side facilitating bilateral business meetings between participating clusters via the brokerage event session.

The brokerage event will take place after lunch in parallel with the conference (please see the program attached). Participation in the brokerage is open for all cluster participants.

Registering for the brokerage event in advance is necessary.

Please visit www.businesspulse.ro/brokerage-event.

[Register online](#) and [submit your own cooperation profile](#). After submitting your profile, you will be able to start booking bilateral meetings based on the profiles submitted. You can add further meetings any time but please be aware that the bookings are managed on the principle “first come – first served”. You can book meetings but you can also be booked for bilateral talks by other participants. For further details please visit the brokerage event website.

The deadline for registering is the 15th of March, 2017.

The deadline for choice of meetings is the 25th of March, 2017.

We wish you a successful event!

Project co-funded by the European Union
