KOREA UNIVERSITY  
Graduate School

November 25, 2019

*To whom it may concern:*

Warm greetings from Korea University in Seoul, Korea.

KU was ranked 83<sup>rd</sup> in the World University Ranking 2019 climbing 3 places from last year's, 12<sup>th</sup> in Asia and 1st among Korea's comprehensive private universities released by Quacquarelli Symonds(QS). KU is considered a world class research-oriented university and stands among the top 100 universities in 26 out of 48 subjects within five academic disciplines - Arts & Humanities, Social Science & Management, Engineering & Technology, Life Science & Medicine, and Natural Science areas evaluated. KU demonstrated a balanced placement in its entries, having 12 disciplines in the humanities and 14 in the sciences that placed in the top 100. It proved that the university succeeded in avoiding disproportionate developments in different subjects.

KU preparing *The Fourth Industrial Revolution* offers advanced Master's and Doctoral degrees spanning the humanities, social sciences, natural sciences and engineering. These programs share a number of distinctive and desirable features: a high level of engagement between distinguished faculty members, outstanding students and a rich campus environment. Complementing and enriching these degree-granting programs are a wide range of interdisciplinary units that promote intellectual activities and research across departmental and divisional boundaries. For example, KU is dedicated to fostering future creative intellectuals who will hold the key in the uncertain and ever-changing era of *The FIR* by making Korea's first AI graduate degree program. KU has also increased the number of scholarships for international students invited by the Korean government and reformed some of the scholarship systems created for its international students in Graduate School especially.

We would kindly ask you to disseminate the enclosed poster and make this known to your students. If you have any students who are interested in Korea University's Graduate School programs, please feel free to contact us. Thank you for your cooperation in advance.

Sincerely yours,

Prof. *HeungSuk Choi*  
Dean of the Graduate School  
Korea University
