Erasmus + activity: Capacity Building in Higher Education Technical Workshop

PISAI project was invited by the European Commission in Laos to contribute as an example to give detailed information on how to prepare a proposal for the upcoming call for the submission of Erasmus + - Capacity Building in Higher Education Project for the deadline on Feb 5, 2020. The workshop was held in Vientiane on October 24-25, 2019.

The participants included representatives of the Ministry of Education and main universities in Laos from Vientiane as well as other provinces such as Luang Prabang and Savannakhet.

PISAI project offered a practical training course on “Sweet Juice Coconut Plantation and the Value Chain” to a group of 20 students from Aceh Province, Indonesia during 25 November – 11 December 2019.

The training was conducted mainly at the production sites at Ta Pak Agricultural Plantation, Na Thawi District, Songkhla Thailand and in the laboratory at the Faculty of Natural Resources, PSU.

Asst. Prof. Dr. Chutima Tantikitti also presented Double Degree Master Program under PISAI Project.

Training course for Aceh's vocational high school teachers on agriculture

PISAI project took part in the short training course under the international collaboration program between Faculty of Natural Resources, PSU and Dinas Pendidikan Aceh Office, Indonesia.

The training course on plant breeding and related topics was held during 24 November – 15 December 2019 at Faculty of Natural Resources, PSU for 40 teachers from Aceh's vocational high school, Indonesia.

PISAI in Southern Agricultural Fair (9-19 August 2019)

Faculty of Natural Resources, PSU organized the Southern Agricultural Fair, from 9 – 19 August 2019 at the faculty, under the concept of Intensive Agriculture: Sustainable Life. The fair attracted about 500,000 attendance per year. PISAI project participated in demonstration activities and seminar on sustainable agriculture and aquaculture.

PISAI in the Sustainable Aquaculture Seminar at Faculty of Natural Resources, PSU in 17 August 2019.
